PRINTED ON RECYCLED PAPER

## PROJECT SUMMARY

The LADWP and Inyo County propose to implement a large-scale restoration project in the Owens Valley. The LORP would consist of these four primary efforts: 1) release water to the Lower Owens River to enhance native and game fisheries and riparian habitats along 62 miles of the river; 2) provide water to the Owens River Delta to maintain and enhance various wetland and aquatic habitats; 3) enhance an off-river area with seasonal flooding and land management to benefit wetlands and waterfowl; and 4) maintain several off-river lakes and ponds. The project also includes construction of a pump station to capture and recover some of the water released to the river, and range improvements and modified grazing practices on leases in the LORP project area.

**COPIES OF THE DRAFT EIR/EIS** are available for public review at the following locations during regular work hours:

**BISHOP:**

Los Angeles Department of Water and Power (760) 872-1104  
 300 Mandich Street

Inyo County Water Department (760) 872-1168  
 163 May Street

Bishop Library (760) 873-5115  
 210 Academy

Owens Valley Indian Water Commission (760) 873-3300  
 46 Tu Su Lane

**INDEPENDENCE:**

Inyo County Planning Department (760) 878-0263  
 168 N. Edwards Street

Independence Library (760) 878-0260  
 168 N. Edwards Street

**BIG PINE:**
