Re: Letter of Authorization

ABC Customer Communications Company has a facility located in your utility territory. Mr. Clark Wright of XYZ Engineering Services (Contractor) is an authorized representative working on behalf of ABC Customer Communications Company.

This transmittal authorizes XYZ Engineering Services to perform the activities listed below associated with securing incentives from your utility for energy conservation projects.

XYZ Engineering Services is authorized on our behalf to:

- transmit and receive utility incentive program correspondence
- obtain utility account information (e.g., billing/consumption history) necessary for calibrating an energy model of the project site
- submit incentive applications

Should you have any questions, please contact me. Thank you.

Sincerely,

Mr. John Smith
