

# Custom Performance Program

## Customize Your Savings: Newly Enhanced Custom Performance Program

### LADWP's Custom Performance Program (CPP) incentives help you save more!

CPP pays you incentives for energy savings achieved through the implementation and installation of a variety of energy efficiency measures and equipment which meet or exceed minimum industry standards. Energy savings measures include installation of high efficiency cooling equipment, variable speed drives, CO monitoring systems, RCx measures, among many others!

With CPP's newly enhanced custom features, LADWP can tailor its program to better fit your project size and needs, expedite your application processing and maximize your savings and incentive potential.

### Faster payments!

CPP's Custom Express fast tracks our smaller, less energy intensive projects with deemed energy savings projections to help expedite your application processing and get you paid faster.

### Greater savings = greater incentives!

CPP's Custom Calculated conducts an in-depth energy savings analysis to custom calculate your individual efficiency project's energy savings. By utilizing your facility's existing conditions as baseline, CPP's Custom Calculated maximizes your savings potential!

Incentive Categories	Incentive Levels
Controls/RCx	\$0.15/kWh
Plug/Process/Other	\$0.15/kWh
HVAC-Refrigeration (includes Chillers & VRF)	\$0.30/kWh
Envelope	\$0.25/kWh
Lighting Fixture Replacement or Retrofit	
Tier 1	\$0.08/kWh
Tier 2	\$0.24/kWh
Sensor-Based Controls	\$0.15/kWh
Lamp-Only Retrofits, Interactive Effects, Other	\$0.08/kWh
Thermal Energy Storage	Up to \$750/kW

Cap 75% of project cost

\*Cap 100% applies only to measures under lighting categories

### How to Apply

For detailed instructions on how to apply and to download the program application and forms please visit [www.ladwp.com/custom](http://www.ladwp.com/custom).
