

Los Angeles Department of Water & Power

# THE FUTURE OF WATER IN LA

## Region

West Los Angeles

# Airport Police Recycled Water Pipeline Project

## Project Description

The Los Angeles Department of Water and Power (LADWP) will install a new pipe along 91<sup>st</sup> Street, between Stanmoor Drive and Loyola Boulevard, and along Loyola Boulevard from 91<sup>st</sup> Street to approximate 300' south of La Tijera Boulevard. LADWP will install 3,400 linear feet of 6-inch diameter pipe that will transport high-quality

recycled water from Hyperion Water Treatment Facility to Los Angeles International Airport Police facility.

## Construction Information

Construction will begin in January 2021 and is scheduled to be completed by June 2021. Typical work hours will be from 8:00AM to 4:00PM. There may be occasional work on Saturday.

**Construction will require a full road closure of 91<sup>st</sup> Street during Phase 1 and 2. Access to driveways will be impacted as construction progresses. Crews will notify and coordinate with residents to assist with access through the construction zone.** Please allow extra time to navigate through construction. Local access will be allowed only to residents located directly in front of construction activities. Excavated areas will be securely covered by steel plates during non-construction times.

## Project Schedule

January 2021 – June 2021

## Work Hours

8:00AM – 4:00PM

Monday – Friday

Occasional Saturday work as needed
