

Custom Performance Program

PROJECT INFORMATION (Must Be Completed)

Installation Address: _____

Estimated Project Cost: \$ _____

Estimated Project Start Date: _____

Estimated Project Completion Date: _____

Building Information: Year built: _____ #of Floors: _____

Provide a brief description of the project: _____

APPLICATION PROCEDURES

1. Visit www.ladwp.com/custom to download all of the application documents and to review the Terms and Conditions and participation requirements to determine if you qualify.
2. All projects require LADWP approval and pre-inspection. Before removing existing equipment and installation, you must submit an application package to reserve funds.
3. Submit all required forms via email to custom@ladwp.com or mail to:

**LADWP Non-Residential Programs
ATTN: CPP PROGRAM MANAGER**

111 N. Hope St., JFB Room 1057, Los Angeles, CA 90012-2607

The CPP application package includes:

- Fully completed and signed Efficiency Solutions Non-Residential Program application (Part A), CPP Supplemental form (Part B) and Authorization Form (if applicable)
 - Detailed Project Scope, if available
 - Photos of the Pre-Existing Equipment and Nameplates, detailing the equipment(s) make, model and size
 - Completed CPP Workbook (Excel document available for download at www.ladwp.com/custom)
 - Completed and Signed IRS Form W-9 for the legal entity that will receive the incentive payment
 - Schematic drawings and/or manufacturer specification sheets for all proposed equipment, if applicable
 - Energy model, measurement and verification plan or energy savings calculations (electronic copy required), if available
4. A CPP Program Manager (PM) will be assigned to your project and will contact you to confirm receipt of the application.
 5. LADWP will contact you to schedule a pre-inspection of the existing equipment.
 6. Before removing equipment and installation, you must wait for LADWP approval. Once written approval is received, you may proceed with the installation and implementation of the measure(s).
 7. Projects not completed within 12 months of LADWP approval may be cancelled and reserved funds returned to the program fund.

8. Once the measures are installed and implemented, you must submit:
 - Completed CPP Installation Report
 - Completed Payment Assignment Form, if applicable
 - Copies of itemized invoices and any other project cost documentation
9. After all required documents are received, LADWP will contact you to schedule a post-inspection.
10. After the installation is verified, the PM will review all documentation and process the incentive payment. It may take 8 to 12 weeks to receive payment after the post-inspection is completed.

ELIGIBLE MEASURES

Custom Performance Program Incentive Categories	Incentive Levels
Controls/RCx	\$ 0.15 per kWh Savings
Plug/Process/Other	\$ 0.15 per kWh Savings
