

## **Hollywood Reservoir Landslide Repair Schedule and Public Access Information as of March 13, 2013**

This is the latest schedule for the Hollywood Reservoir landslide repair project. In addition, this report identifies when certain areas may be open for public access.

### **Reservoir Access Schedule**

The hours of operation of the East Perimeter Road vary by season. Tahoe and Weidlake gates open at 6:30 am daily. Closing times vary by season:

October.....	closed at 6:00 pm
November – February.....	closed at 5:00 pm
March.....	closed at 6:00 pm
April.....	closed at 6:30 pm
May – August.....	closed at 7:30 pm
September.....	closed at 6:30 pm

The North gate and west side of the reservoir are closed due to landslide repairs.

### **East Side Landslide Repairs**

The Mulholland Tank Landslide Stabilization Project was completed in May 2009. Also the work associated with the improvement of the surface drainage on the east side of Hollywood Reservoir was completed in May 2009 as well.

The work associated with the repaving of portions of the roadway of the east side patrol road was completed in July 2009.

### **West Side Landslide Repairs**

The repair of the west landslides was divided into two phases. Phase I of the Lakeridge Drive Landslide and Slope Restoration Project was completed in April 2010. Phase II construction started in September 2011 and was completed in June 2012. Several projects need to be completed along the western patrol road prior to allowing the public access. These projects were started in July 2012 and will be completed in March 2013. Due to slope stability issues and the nature of construction on the west side, no portion of the west side patrol road will be open for public access until completion of all work associated with the landslide repairs.

### **Restricted Access due to Landslide Repair Construction**

- North Gate - closed until March 2013
- Hollywood Reservoir Complex information line is (323) 463-0830.

The LADWP will provide updates as necessary and signs will be posted providing access information along with updating the public informational phone number (323) 463-0830.

**The West Side will be open at 6:30 am on April 11, 2013, with a West Side Dedication Ceremony at 8:30 am. The ceremony will take place at the North gate.**

Thank you for your cooperation and patience while the LADWP completes this important landslide remediation project.
