---

The LADWP does not endorse any vendor listed. LADWP encourages customers to obtain more than one bid or quote when seeking energy efficiency services. LADWP does not endorse or guarantee the services, work, or financial stability of the vendors listed. The vendors are listed because they have attended a workshop on the requirements of LADWP's Commercial Lighting Incentive Program, and have successfully completed at least one lighting project resulting in a rebate payment, not because they are recommended or endorsed by LADWP or because they hold any particular license or certification. Any agreement between customer and vendor is exclusive of LADWP and LADWP is not a party or guarantor of that agreement.
